

OKIDAY INSERTS

Soft and anti-sweat inserts
for children's car seat

for
children

NEW

Did you know that:

- ✓ Car seats on which we travel are filled with 6-8 cm thick foam, what makes them comfortable?
- ✓ Did you know that children in their car seats sit on plastic and styrofoam mostly?

Who would ever want to sit on a hard chair when there is a comfortable armchair next to it?

That's why you should check out OKIDAY children's car seats!

they are soft and ergonomic, thanks to which your child's journey will be pleasant and comfortable

universal - they fit most available models on the market

universal - they fit most available models on the market
